

# Business of the Month Program

The Wallaceburg & District Chamber of Commerce recognizes that our community is very fortunate to have an abundance of dedicated business owners, professionals and community groups. For that very reason, the Chamber implemented the "Business & Community Group of the Month" program to recognize those that make a difference in the community through civic involvement.

Now in its 6th year, the Wallaceburg Chamber has recognized many well deserving recipients. Below are a list of our past recipients.
